TRENTO FESTIVAL OF ECONOMICS  
ACCREDITATION AVAILABLE FOR TRENTINO JOURNALISTS**

(p.f.f.) – A few days ago the service for the accreditation of journalists wishing to cover the international event from 1 to 4 June 2006 was started up at the administration office of the press office for the Trento Festival of Economics. In order to guarantee a better service, the organisers and the press office of the Festival invite their Trentino colleagues in the field of information to register before the event begins.

It is possible to request press accreditation in person or by telephoning the administration office. The accreditation form can be downloaded from the home page of the internet site of the Festival of Economics: once completed the form should be sent to the internet address of the administration office.
